Role of the Office of Equal Opportunity

The Office for Equal Opportunity (OEO) plays an important oversight role in the faculty search process. As a federal contractor, UNM must meet the requirements set by the Office of Federal Contract Compliance Programs for recruitment and employment practices that address the underrepresentation of women and minorities in our workforce. OEO is responsible for monitoring compliance with federal and university policies and procedures related to faculty searches. OEO staff members also provide guidance to the committee at the outset of the search, share search tools and strategies more likely to yield a more diverse candidate pool, and monitor the progress of searches.

OEO staff is aware that market demand will require exceptional responsiveness if we are to be successful with offers to talented individuals in certain fields. If these circumstances are predictable in advance, or arise during the search, it is critical that the dean’s office or senior manager and OEO staff work together throughout the search process to ensure that the search is accomplished in a timely manner.

As we seek to hire the best faculty and administrative talent, we will need to use a variety of recruitment strategies. In some cases, this may mean advertising several openings simultaneously, developing cluster hiring strategies for several positions using one interdisciplinary search committee; developing relations with a full array of national and international professional associations, with international universities, Historically Black Colleges and Universities (HBCU’s), Native American and Hispanic institutions, and women’s colleges; attending conferences; maintaining on-going listings, or other variations on the standard process. Advance consultation with OEO on alternative search plans will expedite the eventual review and approval process.

The University has implemented an on-line applicant tracking system, designed to provide more complete information about faculty searches in accordance with federal requirements and to allow departments to initiate and complete the search process on line. This new data entry and collection system has the benefit of allowing the office to analyze search practices and to provide timely feedback to departments.

Overview

The University of New Mexico recognizes its responsibility to extend equal employment and educational opportunities to all qualified individuals. This University exists to educate, to conduct research and other creative activities, and to perform other related services on behalf of the community which supports it. The University has a responsibility to its students and to the citizens of the state to actively recruit and hire the best qualified persons we can, and to do so in the context of our commitment to affirmative action principles.

**Equal Employment Opportunity** means that all individuals must be treated equally in all employment decisions, including hiring. Each applicant must be evaluated on the basis of his or her ability to perform the duties of the position without regard to race, color, religion, national origin, physical or mental disability, age, sex, sexual orientation, gender identity, ancestry, medical condition, veteran status, or spousal affiliation.

**Affirmative Action** is taking positive actions to hire and promote qualified persons in protected groups. The protected groups are federally defined as: women; minorities (African American, Asian, Hispanic, and American Indian); individuals with disabilities; and veterans.

**Diversity** varies widely, and is often broadly defined. We adopt such a definition, which includes all aspects of human differences, including but not limited to economic status, race/ethnicity, nationality, sex/gender, religion, sexual orientation, disability and age. For more information go to the Diversity website (http://diverse.unm.edu/).

Introduction

Welcome to the University of New Mexico Online Position Management and Applicant Tracking System. The University has implemented this system in order to automate many of the paper-driven aspects of the position management and employment processes.

You will use this system to:
- Create and submit requests for New Positions, or Modifications to Existing Positions
- Create and submit requests for Postings
- View Applicants to your Postings
- Notify Employment Areas/OEO of your decisions regarding the status of each applicant
- Complete the Hiring Proposal (Recommendation for Hire) online

The system is designed to benefit you by facilitating:
- Faster processing of position and employment information
- Up-to-date access to information regarding all of your Postings
- More detailed screening of Applicants’ qualifications – before they reach the interview stage

The University has provided these training materials to assist with your understanding and use of this system.
Your Web Browser

The Employment Application System is designed to run in a web browser over the Internet. The system supports browser versions of Netscape 4.7 and above and Internet Explorer 4.0 and above. However, some of the older browser versions are less powerful than newer versions, so the appearance of certain screens and printed documents may be slightly askew. Please notify the system administrator of any significant issues that arise.

The site also requires you to have Adobe Acrobat Reader installed. This is a free download available at www.Adobe.com.

It is recommended that you do not use your browser’s "Back", "Forward", or "Refresh" buttons to navigate the site, or open a new browser window from your existing window. This may cause unexpected results, including loss of data or being logged out of the system. Please use the navigational buttons within the site.

The site is best viewed with Mozilla Firefox. This site is also viewable with Internet Explorer 5.5 and above.

To load Mozilla Firefox on your computer, do the following:

2. Select your operating system, and follow the on-screen instructions:

If you do not have appropriate user access to install Firefox on your computer, please contact your area’s IT consultant to assist you.

Security of Applicant Data
To ensure the security of the data provided by applicants, the system will automatically log you out after 60 minutes if it detects no activity. However, anytime you leave your computer we strongly recommend that you save any work in progress and Logout of the system by clicking on the logout link located on the bottom left side of your screen.

UNMJobs Terms

Action
When you begin a new action in the system, you are initiating the creation or modification of a position description. If you intend to fill the position through a competitive or non-competitive search, you select one of the “Begin New” actions. When you save an action for the very first time, the system automatically assigns the action an action number.

Posting
When you submit an action through the system, once the position description is approved by the appropriate area, a “posting” is created from the position description. Even if the posting is non-competitive a posting is created. Once the Employment Area or the Office of Equal Opportunity (OEO) creates a posting and saves it for the first time, the system automatically assigns the posting a number. Always reference the posting number when discussing fill actions – right up to and including the time we place someone in a position.

Hiring Proposal
When you have an accepted offer, the department will complete a Hiring Proposal and submit for approval. Once all approvals have been obtained, the selected applicant will be “seated” to a position.
## UNMJobs User Types

<table>
<thead>
<tr>
<th>Role</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Search Coordinator:</strong></td>
<td>Person who serves as a non-voting member of the search committee for Faculty searches. The Search Coordinator provides administrative support to the search committee. He or she does not screen applicants for minimum or preferred qualifications. If the Search Coordinator is to also serve as the Department Originator, the Search Coordinator would need to request the Department Originator role and take the training required for that role.</td>
</tr>

<tr>
<td><strong>Employment Area:</strong></td>
<td>HSC Faculty Contracts, Main Campus Faculty Contracts and Services Office. Role: Review, monitor and approve actions and hiring proposals submitted through UNMJobs.</td>
</tr>
<tr>
<td><strong>EVP Provost Area Approver:</strong></td>
<td>Person who represents the Provost and who can approve any type of hiring at the university level.</td>
</tr>
<tr>
<td><strong>EVP HSC Area Approver:</strong></td>
<td>Person who represents the HSC EVP office and who can approve any type of hiring at the university level.</td>
</tr>
<tr>
<td><strong>OEO:</strong></td>
<td>Office of Equal Opportunity. Role: review and monitor actions and hiring proposals submitted through UNMJobs for EEO/AA compliance.</td>
</tr>
</tbody>
</table>
**Actions Request to Post**

Department Originator (DO) creates actions and submits to the Department Approver

Department Approver reviews actions and either sends them on to Dean/Director or College for review or back to DO for changes

Dean/Director or College reviews actions and either sends them on to Employment Areas (EA) for review or back to DO for changes

OEO reviews actions and either posts them or sends them back to DO for changes

EVP reviews actions and either sends them on to Office of Equal Opportunity (OEO) for review or back to DO for changes

EA reviews actions and either sends them on to Executive Vice President Provost (EVP) for review or back to DO for changes

**Hiring Proposal Request**

Department Originator (DO) creates hiring proposals and submits request to the Department Approver

Department Approver reviews hiring proposals request and either sends them on to Dean/Director or College for review or back to DO for changes

Dean/Director or College reviews hiring proposals request and either sends them on to Employment Areas (EA) for review or back to DO for changes

OEO reviews hiring proposal and either forwards to EA for final approval or sends it back to DO for changes

EVP or EA reviews hiring proposals and either sends them on to Office of Equal Opportunity (OEO) for review or back to DO for changes

EA reviews hiring proposals and either sends them on to Executive Vice President Provost (EVP) for review or back to DO for changes

Revised 1/13/2014
Explanation of Action Types

New Faculty Position (Request Posting if applicable)
Use this action to request a new faculty position, and request posting if applicable. Select “Create New Position” if position currently does not exist within the department – department does not have an established position number and/or budget.

Modify Existing Faculty Position (Request Posting if applicable)
Use this action to request an update or reclassification of an existing faculty position, and request posting if applicable. Select “Modify Existing Position” when filling an existing position (i.e., vacant position with an established position number, incumbent leaving, etc.).

To help you identify your department’s vacant and established position numbers please utilize ePrint reports: PZROEMA and PZRVACR.
Getting Started

First Steps

Prior to logging into UNMJobs, there are a few steps that should be taken. Completing these steps in their entirety prior to creating an action request to post for a faculty position will help to ensure a smooth and trouble-free process from posting through hiring:

1. The Chair or Dept. Head will create a Position Analysis Memorandum (PAM)
   - This document lays out the hiring plan and is used as a road map for the entire process
   - See PAM example
   - Many of the next steps can be accomplished by referencing the PAM
   - If the information below is not included in the PAM, this is an indication that you are not ready to request an action
   - In this case it is recommended that you request a revised PAM from the Chair or Dept. Head that includes the necessary information

2. HSC ONLY – collect PRC

3. Determine whether the position is a full-time, tenure-track, non-tenure position or a temporary part-time position
   - If it is a full-time, tenure-track position is it a junior or senior position? Is it open rank?
   - HSC ONLY – is it flex-track, clinician educator?

4. Determine the minimum qualifications for the position (from PAM)

5. Determine the preferred qualifications for the position (from PAM)

6. Write the position summary (from PAM and/or previous position summaries)

7. Write the ads, including the “For Best Consideration” date and Affirmative Action verbiage (from PAM and/or previous written ads)

8. Verify the scoring matrix for preferred qualifications (from PAM or separate document)

9. Confirm application procedure
   - What documents do applicants need to provide? Should they be attached to the electronic application or submitted separately?

10. Determine whether the posting should be a “New” or “Modified” position
    - It is a “New” position if the department is adding a position that did not previously exist
      - i.e. adding a new faculty member to meet rising demand for courses
    - It is a “Modified” position if the department is replacing someone who previously held an existing position
      - i.e. an existing faculty member is retiring and the department needs to fill that spot

Once these steps are completed, you are ready to log into UNMJobs.
Logging into UNMJobs

1. Enter https://unmjobs.unm.edu/hr into the address field of your web browser or access UNMJobs through MY UNM. The link is found on the Employee Life tab and under Banner Applications.
2. Click on UNM Employee or Affiliate Login.
3. Enter NetID and Password.

4. Click on the Login button

Note: Verify that your Current Group is: Department Originator

If your current group is not Department Originator click on change user type on the left side of the screen (see next page for details).
Explanation of Menu

Job Postings

- Active Postings – this is the default screen that appears when a user logs-in as a Department Originator and will show all of the postings for the org codes the user has permission to view (i.e. your department).
- Pending Postings – this will show all postings that you have sent for approval and will indicate where it resides in the process.
- Historical Postings – this will show all of postings that were cancelled or filled.
- Search Hiring Proposals – this will show you the status of hiring proposal requests.

Classifications

- Search Classifications – you will not use this option.

Position Descriptions

- Begin New Action – this will bring up the screen where you can select whether to create a new or modify an existing faculty position.
- Search Actions – this will allow you to search actions using a variety of search tools and action status.
- Pending Actions-this will show you actions that were saved and not submitted.
- Search Positions- this will show you all positions that are in UNMJobs for the orgs the user has permission to view (i.e. your department).

Admin

- Home – takes you back to active postings.
- Change Default View – in order to see all of your information make sure “Department” view is selected.
- Change Password – allows you to change password.
- Change User Type – if assigned multiple user types clicking here will allow you to change your user type.
- Logout – clicking here will end your UNMJobs session.
Position Request and Posting

Position & Posting options are broken down into different Requests in the online system. Typical Request options are:

- New Faculty Position (Establish a new position).
- Modify Existing Faculty Position (Reclassify/update position).

**Request a New Position or Modify Existing Position**

**For All Faculty Positions**

**Set-up**

1. Click on Begin New Action
2. Select either New Faculty Position or Modify Existing Faculty Position
   - This should have been determined prior to logging in to UNMJobs – see page 9
3. Click on the appropriate Start Action link

(Skip to the relevant set up instructions below for “creating a New Faculty Position” or to “Modify Existing Faculty Position)

To create a New Faculty Position

1. Select the Position Class Title from the dropdown menu
   - Note: The Position Class Title must match the PAM
2. Click Search
3. Click on Select and Continue when the position appears

To Modify Existing Faculty Position

1. Enter the name of the person who is vacating (or vacated) the position or the relevant position number
2. Click Search

3. Click on Start Action when the position appears
4. You are now in the Modification Purpose tab
5. Always check Request Posting for this Position and Change Position Narrative (Summary, Preferred quals, etc)
6. Check any others if applicable (i.e. if the modified position will be a different classification than the original)
Change Classification

Note: If you completed entering all the information into the action request but forgot to change the classification make sure to save the position summary and qualifications to a Word document so you can just copy and paste the information. Otherwise, the system will wipe out all the information already entered for those fields.

1. To change the classification click on Classification Tab
2. Scroll down to the button of the page and click on Change Classification
3. Select the Position Class Title that you are requesting to post
4. Click on Search

5. A new screen will show with the position class title you selected
6. Click on Select and Continue
7. You may now start editing your position by clicking on Position Details
Copy Position

<table>
<thead>
<tr>
<th>Field Name</th>
<th>New Faculty Position</th>
<th>Modify Existing Faculty Position</th>
</tr>
</thead>
<tbody>
<tr>
<td>Search</td>
<td>Select the position class title to associate with your new position</td>
<td>Not available in modify existing position action.</td>
</tr>
</tbody>
</table>

Information about the Copy Position Screen

The Department Originator has the ability to copy an existing position description in order to avoid having to create a new position that is very similar to another one in their department.

Example:
Recently posted and hired an Assistant Professor and now you need to post for another Assistant Professor (new position).

After you select a Proposed Position Title and continue to the next page of your action, you will come to the "Copy Position" page.

1. You can then search for the position you want to copy in order to create a new similar position. Once you find your position, you simply select it and follow the prompts on the screen. The Position Details will appear on the screen, populated with the data from the position you copy.

The Position Details page may need editing to define the attributes of the new position.

TAKE YOUR TIME – EDIT THIS PAGE CAREFULLY!

Note:
You will use this function to “seat” more employees than you have vacant spots within the same Position Classification Title. For example, you posted for three Temp Parttime Faculty, but only have one vacant position. You will need to utilize the copy position function in order to create two new positions to “seat” the additional hires.
Creating Multiple Positions and Hiring for Multiple Positions from a Posting

Posting
- Department will submit an action to either create a new position or modify an existing position and request to post.
  - This will be the posting all applicants would submit their faculty profile or staff/student applications to.
- Attach EVP approval to posting.
- Department will determine number of applicants to hire and if the appropriate number of positions exist.

Creating Multiple Positions
- Go to “Begin New Action.”
- Click on “Start Action” for “New Faculty Position.”
- Under “Search Classifications” select the appropriate Position Class Title.
- Under “Choose Classification to Assign” select the appropriate classification and click on “Select and Continue.”
- Click the “Copy Position” tab.
- Enter Position Class Title or Position Number (position number is preferred) to be copied and then click “Search.” All approved positions will be listed when you search on the position number, however; each position has a different Position Sequence Number.
- Click “Select and Continue.”
- Select the Position Detail tab and enter the Org Code and Department Name. Please note, if the org code is not entered the action will not be viewable. Make sure to use the proper org code suffix, [FAC].
- In the Position Detail tab select “NO” for “Are you posting this position?”
  - Enter “This is a multiple hire for posting#” in the comment section.
- Action will follow established approval process.

Hiring
- Change status of applicant to “Recommend for Hire.”
- Select begin Hiring Proposal.
- There are two options to choose from;
  - Hiring proposal for position description listed below – use this option for the first or last applicant being hired from the applicant pool.
  - Hiring proposal for different position description – select this for hiring any additional applicants from the applicant pool.
    - When this option is selected you will be taken to another screen to conduct a search for the position you want to fill.
    - Use the position number or position sequence number from the above process to find the appropriate position you want to fill. Please ensure you are hiring each applicant into a different position sequence number.
    - Continue this process to fill all of the position you have available.
The DO has the option to Close/Remove a posting from the Web once the For Best Consideration Date has passed. The DO can designate the posting as closed/removed from web for any of the following reasons:

- Finalist has accepted and signed an offer letter.
- Hiring proposal has been initiated.
- The recruitment is determined to be unsuccessful and/or there is a lack of funding.

**Note:** Temporary part-time Faculty postings and other multiple hire postings should only be designated as closed/removed from web after the last hire has been “seated.”

If unknown or any questions please contact employment area or OEO prior to closing your posting.

Now skip ahead to the instructions for your specific hiring posting need:

- Regular Faculty
  - External Competitive pg 21
  - Internal Competitive pg 33
  - Internal Non-Competitive pg 45
- Temporary Part-Time Faculty
  - External Competitive pg 57
  - Internal Non-Competitive pg 68

---

1Designating a posting as closed/removed from web does not change current applicant status; however, it does prevent additional new applicants from applying to the posting. The DO can still manage the pool after the posting has been closed/removed from web. Designating a posting as filled dispenses the pool and changes applicant status in the applicant view of the UNMJobs system.
External Competitive Regular Faculty Posting Request

1. Click on the Position Details tab near the top of the page
   - Note: Double-check that you are entering the correct request by confirming the header above the tabs displays either New Faculty Position or Modify Existing Faculty Position
Position Details

1. Select Yes for Are you requesting a posting for this position?
   - Note: Many fields will already be completed if modifying an existing position – the following steps will ensure that all of the information is correctly updated
2. Confirm that the Position Class Title and Position Title are exactly the same
3. Working Title can be different than the Position Class Title and Position Title
4. Enter Work Location
5. Enter Organization
   - Note: Make sure that you select the correct org # and that you select FAC
6. Enter Department
7. Select Employee Class
   - F9, FY(12) and FE

<table>

</tbody>
</table>
8. Complete Position Summary
   - Position Information, department information, UNM information, city/state information
9. Complete Minimum Qualifications
   - These must solicit a yes or no answer
10. Complete Preferred Qualifications
    - To be rated on a scoring matrix, must be measurable
11. Choose Single from the dropdown menu
12. Enter Appointment Percent
   - Note: This is the amount of time that incumbent will spend in his or her job
   - If the position is approved for a .50 appointment (half time appointment), enter .50 and not .50
13. Select the appropriate Appointment Type
   - Is the position a tenure track position? Is it a clinician educator? Flex track?
14. Enter “1.0” for Full Time Equivalency
   - Note: This field should always be 1.0
   - The percentage of FTE that the position will encompass is entered above under Select Appointment Percent

Skip Section Two

Click on Continue to Next Page or scroll up to the top of the page and click on the Funding tab
Funding

1. Click on Add New Entry
2. Select the appropriate Index Code
3. Enter the Position Labor Distribution
   - Note: The total Position Labor Distribution must equal 100% but can be split between multiple Index Codes
4. Select the appropriate Labor Account Code

Repeat if using multiple Index Codes, otherwise…

Click on Continue to Next Page or scroll up to the top of the page and click on the Posting Form tab
Posting Form

1. Enter the number of positions that you are posting
2. Enter the Posting Date
   - Note: Pick at least three weeks from the date you initiate the action in order to account for processing time
   - OEO will confirm the date with you prior to posting the position
3. Enter the For Best Consideration Date
   - Note: This must be at least 15 calendar days after the posting date
4. Do not select Closing Date – leave this field blank
5. Check Open Until Filled

![Posting Form Table]
6. Select Optional Applicant Documents, if applicable
   - Generally, optional documents are not used
   - The search committee should provide this information to the Department Originator
7. If not, unselect the automatically checked items (Resume, Cover Letter)
   - Note: Documents cannot be Optional AND Required
8. Select Required Applicant Documents as needed
   - Note: Applications will not be seen by search committee members unless all of the Required Applicant Documents are attached to the application
9. Enter any Special Instructions to applicants
   - If the department would like items submitted independently of the electronic application address it in the Special Instructions
     - This is typically letters of recommendation or digital portfolios, items that require confidentiality or don’t fit into the UNMJobs platform
   - Note: This information must match the required/optional documents and must include any additional information that is stated in the ad
10. Enter Salary information
   - Best practice is to write “Negotiable” or “Commensurate with experience” in order to give the department some flexibility
   - If a specific salary amount is provided, the department must hire at (or very near) the posted amount

11. Enter Advertising resources information
   - Required advertising include one national source and targeted recruitment for each of the protected groups - Women, Asian, African American, American Indian, Hispanic (for specifics refer to the Faculty Hiring Guidelines)
   - Check the appropriate boxes
     - Jobing.com is a national resource
     - HigherEdJobs.com is a national resource
     - HigherEdJobs Affirmative Action (AA) Email – aka the Blast email – meets the targeted recruitment requirement for each of the protected groups.
   - To meet advertising requirements you may check the boxes in UNMJobs, you may utilize additional advertising resources, or a combination of both
12. If you are not using an integrated advertising resources select N/A for the following
13. If you are using one of the checked options enter the appropriate information:
   - “Select your primary and account number for recruitment advertising billing.”
   - “Enter your primary index code for recruitment advertisement billing. If you are not purchasing recruitment advertising, you must enter ‘NA’ in the field.”
   - “Enter the percent of charge to the primary index. If you are not purchasing recruitment advertising, you must enter ‘NA’ in the field.”

<table>

<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
14. Select Search Committee members
   - Note: This must match the PAM
   - See Faculty Search Committee Procedures Handbook for guidance on Search Committees
15. Select the Search Coordinator
16. Enter External for the Posting Scope
17. Enter Competitive for the Posting Type
18. Skip Non-competitive Hire Reason Code as this is for an External Competitive request

Click on Continue to Next Page until you get to Documents tab or scroll up to the top of the page and click on the Documents tab

*You can skip the Posting Specific Questions, and Disqualifying/Points tabs – they are only for Staff Positions*
The following must be attached:

1. Moderately Abbrev'd, Abbrev'd and/or Complete Ad(s) – this includes any ads that will be used
   - This item must also include the national and targeted recruitment resources if not included in the Posting Form tab

2. Position Analysis Memorandum (PAM)

3. Funding Information/PRC – HSC ONLY

4. Matrix if the scoring is not included in PAM
   - This may be attached to one of the Other spaces under Document Types

Click on Continue to Next Page or scroll up to the top of the page and click on the Comments tab
Comments

1. Include date, initials and any other relevant information regarding posting request. Be aware of comments entered, as they are part of the permanent record.
   - If you need someone other than a UNM Staff or Faculty to view applicant pool, enter “Need guest user username and password.”

Click on Continue to Next Page

You may now review your posting request and either:
1. Save Action Without Submitting or
2. Submit Action to Department Approver

Click on Continue and then Confirm
Internal Competitive Regular Faculty Posting Request

(Used when the posting will be submitted to selected applicant pools but is not publically published on the UNMJobs website)

1. Click on the Position Details tab near the top of the page
   - Note: Double-check that you are entering the correct request by confirming the header above the tabs displays either New Faculty Position or Modify Existing Faculty Position
Position Details

1. Select Yes for Are you requesting a posting for this position?
   - Note: Many fields will already be completed if modifying an existing position – the following steps will ensure that all of the information is correctly updated

2. Confirm that the Position Class Title and Position Title are exactly the same

3. Working Title can be different than the Position Class Title and Position Title
   - Working Title can be seen by applicants and can help differentiate positions

4. Enter Work Location

5. Enter Organization
   - Note: Make sure that you select the correct org # and that you select FAC

6. Enter Department

7. Select Employee Class
   - F9, FY and FE
8. Complete Position Summary
   - Position Information, department information, UNM information, city/state information
9. Complete Minimum Qualifications
   - These must solicit a yes or no answer
10. Complete Preferred Qualifications
    - To be rated on a scoring matrix, must be measurable
11. Choose Single from the dropdown menu
12. Enter Appointment Percent
   - Note: This is the amount of time that incumbent will spend in his or her job
   - If the position is approved for a .50 appointment (half time appointment), enter 50 and not .50
13. Select the appropriate Appointment Type
   a. Is the position a tenure track position? Is it a clinician educator? Flex track?
14. Enter “1.0” for Full Time Equivalency
   - Note: This field should always be 1.0
   - The percentage of FTE that the position will encompass is entered above under Select Appointment Percent

<td>Open Until Filled</td>
</tr>
</tbody>
</table>
6. Select Optional Applicant Documents, if applicable
   a. Generally, optional documents are not used
   b. The search committee should provide this information to the Department Originator
7. If not, unselect the automatically checked items (Resume, Cover Letter)
   • Note: Documents cannot be Optional AND Required
8. Select Required Applicant Documents as needed
   • Note: Applications will not be seen by search committee members unless all of the Required Applicant Documents are attached to the application
9. Enter any Special Instructions to applicants
   • If the department would like items submitted independently of the electronic application address it in the Special Instructions
     o This is typically letters of recommendation or digital portfolios, items that require confidentiality or don't fit into the UNMJobs platform
   • Note: This information must match the required/optional documents and must include any additional information that is stated in the ad
10. Enter Salary information
   - Best practice is to write “Negotiable” or “Commensurate with experience” in order to give the department some flexibility
   - If a specific salary amount is provided, the department must hire at (or very near) the posted amount

11. Enter Advertising resources information
   - Do not check the boxes
   - Advertising is usually via internal listservs
   - You may include the specifics under Other Advertising Resources or attach it as a part of the separate ad document on the documents tab.
12. Select N/A for the following:
- "Select your primary and account number for recruitment advertising billing."
- "Enter your primary index code for recruitment advertisement billing. If you are not purchasing recruitment advertising, you must enter 'NA' in the field."
- "Enter the percent of charge to the primary index. If you are not purchasing recruitment advertising, you must enter 'NA' in the field."

Active Postings: Postings that are Active are either:
- Currently posted on the applicant site.
- Or, no longer posted but contain applicants still under review.

The Apps In Process column shows the number of applicants that have applied to the posting.

Historical Postings: Postings that are Historical are either:
- Filled and are no longer listed on the applicant website.
- Cancelled and therefore not listed on the applicant website.

After logging in to the system, if you have a Posting that is currently accepting applications, you will see it on the list of Active Postings.

You may sort the complete list of postings by clicking on the ▼ to the left of the desired title heading.
The DO has the option to “Close/Remove from Web.” The DO can close the posting when:

- There is an adequate applicant pool
- The hiring proposal is started
- There is not an adequate applicant pool and the department wants to repost
Managing Your Posting

1. Click on the View link below the relevant title to view the details of a specific posting, including the description and the applicants to that posting.

Active Postings

To view the position details, click on the “View” link below the title. To sort by any column, click on the arrow next to the column title.

</tbody>
</table>
The **Active Applicants** screen will display.

2. The posting data is divided into tabs, listed across the top, starting with " Applicants". This first tab lists the applicants who have applied to this posting. Additional information is also provided on this screen, including their date applied, status, etc. You may click through the other tabs at the top of the screen to view more details about the posting.

From the screen shown above you may perform a number of tasks, including:
- Sort and view applicants by different criteria by clicking on ☐️ to the left of Name.
- Print applications and documents.
- Change an applicant’s status.
Sorting & Filtering Applicants by Different Criteria

To sort applicants by Name, Date Applied, etc:

1. Click the **arrow** at the top of the data column you wish to sort. The order in which applicants are displayed will change accordingly.
To choose to show Active Applicants, Inactive Applicants, or both:

2. Check the boxes next to “Active Applicants” (active applicants are those still under review) and “Inactive Applicants” (inactive applicants – such as those who did not meet the minimum qualification’s – are no longer under review). Click the Refresh button to refresh the screen.
Viewing and Printing Applications

1. To view and print a single application, click the link View Employment Application under the applicant’s name from the “Active Applicants” screen.

2. After clicking on this link, a screen will appear in a new browser window. It may take a few moments for the information to load into the new window.

3. Select File>Print from your browser’s menu to print the applications.

4. To close the window, click the Close Window link, or click the X in the upper right-hand corner of the window (this will NOT log you out of the system – it will simply return you to the list of Applicants on the “View Applicants” screen).
To view and print multiple applications at the same time, perform the following steps:

1. Check the boxes next to the corresponding applicants whose applications you wish to print (or click the "All/None" link). These boxes are located on the right side of the page.
2. Click the View Multiple Applications button.
3. A new window will appear (it may take several moments to load). This window contains all the applications you selected to print.
4. Select File > Print from your browser's menu to print the application(s).
Viewing and Printing Documents

This process is very similar to printing applications, except the documents appear in the Adobe Acrobat Reader software. This is done to preserve the integrity of the documents’ formatting, and to assist in preventing viruses from entering the system via documents attached by applicants.

To view and print a single document (such as a resume or cover letter) that the applicant attached when applying for the posting:

1. Click the link of the document under the column labeled Documents from the “Active Applicants” screen.

2. After clicking the link, a new window will appear (it may take several moments to load) in Adobe Acrobat Reader. This window contains the document for the applicants you selected to print.

3. Select File>Print from the Adobe Acrobat Reader menu to print the document.

4. To close the window, click on the X in the upper right corner of the window (this will NOT log you out of the system – it will simply return you to the list of applicants on the “View Posting” screen).
To view and print multiple documents at the same time, perform the following steps:

1. Check the boxes next to the corresponding applicants you wish to print (or click the All/None link). These boxes are located on the right side of the page.
2. Click the View Multiple Documents button.
3. Select File>Print from the Adobe Acrobat menu.

To see reports again, go to Get Reports List under Applications in Process on your posting. Select the Applicant Contact Information report and copy the information. Open an Excel spreadsheet and paste the applicant contact information into it. You now can add columns for your minimum and preferred qualifications to create your screening tools.
Change Applicant Status

(The applicant status must reflect, as closely as possible, the actual process. This data is pivotal to the University’s required federal reporting obligations and must be as accurate as possible.)

To change status on a single applicant performs the following steps:

1. Select the ‘Change Status’ link for the applicant requiring the status change.

The Change Applicant Status screen will display.
Note: It is important to update the status of all finalists to Finalist (including the selected candidate) prior to marking any applicants as Recommend for Hire.
2. Click on the drop down arrow in the **Status** field to make a status selection.

3. Click the **Continue To Confirm Page** button.

4. The status has been changed.

5. Click the **Save Status Changes** button.
To change status on multiple applicants perform the following steps:

1. Check the boxes for the applicants requiring a status change.
2. Click on the **Change Multiple Applicant Statuses** button.
The Change Applicant Status screen will display.

3. a) Click on the drop down menu in Status under Change For All Applicants if you want the status to be the same for all applicants. b) Click on the drop down menu in the Status field to make a status selection for each applicant.

4. If “Not Hired” is selected as a status, you must also add a selection reason (this should come from the screening committee). See selection reasons on page 98.
   - Note: you may choose to automatically notify applicants of their status via email or to contact them directly

5. Click the CONTINUE TO CONFIRM PAGE button.
The status has been changed.

6. When a position is designated as filled, an email notification will automatically be sent out to applicants with a “Not Hired” status informing them that position has been filled. Additionally, an email notification will be sent out if the posting has been canceled.

7. Click the **SAVE STATUS CHANGES** button.
Selection reasons for "not hired"

1. Unable to support candidate's research (Faculty only)
2. Less competitive based on teaching evaluation (Faculty only)
3. Class cancelled/Not offered (TPT Faculty only)
4. Candidate not available at time of course offering (TPT Faculty only)
5. Less competitive based on publications/research/creative works (Faculty only)
6. Insufficient research/publications/creative works (Faculty only)
7. Insufficient teaching experience (Faculty only)
8. Less competitive based on quality of recommendations (Faculty only)
9. Insufficient evidence of service (Faculty only)
10. Insufficient administrative experience (Faculty only)
11. Candidate withdrew
12. Candidate does not meet minimum qualifications
13. Candidate did not show up for interview
14. Candidate declined interview
15. Candidate interview showed inconsistency with application materials information
16. Less competitive based on interview performance
17. Less competitive based on education, training, or certification level
18. Candidate salary requirement too high
19. Candidate application material not complete
20. Candidate application material received past deadline
   - **Note:** use for a candidate who applied after “For Best Consideration date” and/or candidates who applied after the department’s application review date.
21. Less competitive based on application material
22. Candidate did not possess degree/licensure specified in minimum/preferred qualifications
23. Unable to verify transcripts/license/certification information
24. Unable to contact
25. Insufficient evidence of clinical experience
26. Not eligible to work in the U.S.
27. Candidate is acceptable as an alternate
28. Less competitive based on stated work experience
29. Less competitive based on past research funding
30. Candidate availability date not compatible with department needs
31. Candidate did not successfully pass pre-employment screening or criminal background check
32. Candidate not eligible for hire as determined by Employment Area
33. Limited subject expertise
34. Insufficient directly related experience
35. Posting canceled
Documents

You will be required to attach additional documentation to support your Hiring Request. You may attach a particular document by clicking the ‘Attach’ link next to the specific type of document you must attach to your position.

Faculty documents to be attached:

- Screening for Minimum Qualifications
- Screening for Preferred Qualifications
  - Or Composite Ranking that includes both
- Itineraries of all interviewees except for selected candidate

Note: The posting houses documentation related to the pool (i.e. info on non-selected interviewees, matrices, etc.), the Hiring Proposal houses documentation related specifically to the selected candidate (i.e. selected candidate’s itinerary, justification memo, etc.).

Attachments slots labeled “Other” will be available for the Department Originator to attach any other needed documents.
**Department Reasonable Assessment (DRA) Process**

Use this tab to make a reasonable assessment of ethnicity and gender for all applicants who were interviewed and did not self-identify their ethnicity and gender on their application.

- **Note:** Remember to generate the EEO Summary (Pre 2-Part Question) and EEO Summary (Post 2-Part Question) to confirm whether an applicant who was interviewed by Skype or on-campus interview self-identified their gender and ethnicity. See pg 82. If applicant did not self-identify DRA must be completed.

1. In order to populate applicants into the DRA Tab, the department must change the applicant status to “Selected for Campus Interview.” The only applicants who will appear in the drop-down menu at the DRA tab are those who have been “Selected for Campus Interview.” DRA information that is entered without being attached to an applicant’s name is incorrect and this will need to be corrected before the Hiring Proposal will be approved.

</table>
2. Click on the DRA Tab.
3. Click on the ADD NEW ENTRY button.

4. Click on the Drop Down arrow next to the Candidate field. You should see all of the applicants who you previously changed their status to “Selected for Campus Interview. Select the appropriate candidate for which you want to create a record.

5. Select the appropriate gender based on your reasonable assessment during the interview process.

6. Select the appropriate ethnicity based on your reasonable assessment during the interview process.

7. Click the ADD ENTRY button.
8. The record you created will appear. You can View, Edit, or Delete this record.
9. Click ADD NEW ENTRY to continue the DRA process for all of the applicants you interviewed.

For more information on the DRA, please see the DRA Changes and Instructions (http://unmjobsresources.unm.edu/docs/dra-instructions.doc) job aid.
Creating a Hiring Proposal

1. Once you have decided on an applicant to hire and a tentative offer has been made, you may begin the hiring proposal.
2. The posting must be closed and removed from web
   - You may leave the posting posted if you are hiring more than one applicant from the pool (i.e. in the case of multiple TPT hires).
3. Click on Active Postings
4. Click on View

5. The applicant pool must be dispensed appropriately (The only candidate left in the pool must be the candidate selected to be hired for the position unless you are hiring more than one candidate).
6. The candidate must be put into the Recommend for Hire status
   - Note: Make sure you save the posting so that your work is not lost when you begin the hiring proposal.
7. Click on Begin Hiring Proposal.
8. Choose appropriate Hiring Proposal option
   a) **Hiring Proposal for Different Position Description** is only used when you are hiring more than one candidate from the pool
   b) **Hiring Proposal for Position Description Listed Below** is used when you are hiring one candidate from your posting OR are hiring the last of multiple hires from your posting
9. Click on Start Action
10. The system will automatically take you to a new screen (Hiring Proposal)
1. Under Section One of the **Hiring Proposal** Tab the following fields must be completed:
   - **Note:** For a number of fields under this tab, the information defaults from the application and posting.

**Revised 1/13/2014**
a) What is the Primary Shift of this Employee? Select "1" from the drop down menu for all faculty positions.

b) **Select N/A for faculty.** This applies only to staff.

c) Pay Rate – If the position is regular the salary rate must be yearly and if the position is for a temp part-time faculty the salary rate can be monthly or yearly.
   - See Faculty Contracts salary calculator [here](http://www.unm.edu/~fco/Time/index.html)

d) Rate Type – Select "annual" for faculty.

e) Start Date – Verify the start date with Faculty Contracts

f) End Date – For visiting faculty enter 5/31/academic year.

g) Contract Start Date – Enter the day the employee starts the job.

h) Contract End Date – Temporary and research faculty use contract date; 9 month faculty end 5/31/academic year or 7/31/current year; 12 month faculty 6/30/current year.

i) Transaction Code – Select the appropriate job change reason from the drop down menu. If you have questions, contact the appropriate Faculty Contracts representative for your department.

j) Moving Expense – If moving expenses are to be paid, enter dollar amount. If moving expenses will be provided, this information must be in the signed offer letter and the amount must match.

k) Special allowance – List any special allowance. If a special allowance will be provided, this information must be in the signed offer letter.

l) Special allowance amount – List dollar amount of special allowances. If special allowance is going to be provided, this information must be in the signed offer letter and the amount must match.

Skip Position Justification

m) Select the appropriate Employment Area Consultant – Faculty Contract and Services Office (Main Campus or UNM Branches) or SOM Faculty Contracts and Hiring (HSC only)

2. Complete Section Two of the hiring proposal. For questions regarding this section, contact the appropriate Faculty Contracts Representative for your department.
   a) Rank – Select the appropriate rank from the drop down menu
   b) Tenure Code – Select the appropriate tenure code from the drop down menu
   c) Review Type – Select the appropriate review type from the drop down menu
   d) FTE – Always enter 1.0

3. Skip Section Three of the hiring proposal

4. Skip budget information
Click on Continue to Next Page or scroll up to the top of the page and click on the Funding tab.
Funding

1. Make sure that the funding entered under this tab is the correct one. If not the correct index or account code please correct before submitting hiring proposal.

   - Note: The total Position Labor Distribution must equal 100% but can be split between multiple Index Codes

Click on Continue to Next Page or scroll up to the top of the page and click on the Documents tab
Documents

Along with other tabs customized to your specific organization, you may be required to attach additional documentation to support your Hiring Proposal. You may attach a particular document by clicking the ‘Attach’ link next to the specific type of document you want to attach to your position and then choosing “upload”.

The following documents must be attached:
1. Signed Offer Letter
2. Justification Memo

Other documents that may be required include:
3. Equity Assessment (for HSC)
4. Supervisor approval memo (only for TPT hires who have a current staff employment at UNM)

Attachment slots labeled “Other” and “Hiring Proposal Document” will be available for the Department Originator to attach any other needed documents (matrices and itineraries should be attached already to posting).

Skip the Certification Process tab (This tab is staff hiring only)

Click on Continue to Next Page or scroll up to the top of the page and click on the HP Comments tab

Revised 1/13/2014
1. Include date, initials and any other relevant information regarding the hiring proposal request. Be aware of comments entered, as they are part of the permanent record.
You may now review your hiring proposal request and either:

1. Save Hiring Proposal Without Submitting
2. Submit Hiring Proposal to Department Approver

Click on Continue

Logging Out

To ensure the security of the data provided by applicants, the system will automatically log you out after 60 minutes if it detects no activity. However, anytime you leave your computer we strongly recommend that you save any work in progress and Log out of the system by clicking on the logout link located on the bottom left side of your screen.

Requesting a UNMJobs Security Role

1. Go to the URL my.unm.edu and enter your net ID and Password.
2. Click on the Employee Life tab.
3. Click on Banner Authorization Request.

4. A Security Alert popup may appear. Click ‘Yes.’
5. Enter your UNM Net ID and Password (for BAR login help, please see FastInfo 1586).
Start an authorizations request

1. Verify all information regarding your position at the University is correct.
2. If you currently have an incomplete request you will see an Open Saved Access Request button. Click on the button.
3. If you do not have an existing request you will see an Add/Remove Access Roles button. Click on the button.

NOTE: If you have existing Banner access, your current authorization is automatically copied into your new request.
Select UNMJobs role

1. Enter your supervisor's NetID. If you do not know your supervisor's NetID, please use the hotlink to the UNM Directory to look it up.
2. Explain the business reason for this role.
3. Click on the **ADD Roles** or **Select Roles** button.

4. Select UNMJobs Roles from the list of links at the top. *You may have to click on SHOW ALL ROLES first.*

5. Click the check box next to the appropriate role.
6. Click on the **Add Selected Roles to My Request** button on the bottom of the page.

![Add Selected Roles to My Request](image)

7. The following will be displayed under **Access Roles Requested**.

<table>
<thead>
<tr>
<th>Remove</th>
<th>Role Name</th>
<th>Training Status</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Department Originator - Faculty</td>
<td>Training complete</td>
</tr>
<tr>
<td></td>
<td>Department Originator - Staff</td>
<td>Training complete</td>
</tr>
<tr>
<td></td>
<td>Department Originator - Student</td>
<td>Training complete</td>
</tr>
</tbody>
</table>

![Add New Roles Table](image)
Select UNMJobs orgs

Role Specific Settings section displays.

1. Enter the org code for which you will be hiring (i.e. 730e).
2. Click the Add UNMJobs button.

3. If the org code is recognized, it will display in that section. If not, you see an error message display.
4. Check the ‘Hierarchical’ box located to the right of the organization if you need access to a hiring org within a higher level org.
Review and submit

1. Confirm that all the information is correct.
2. Click the **Next** button.
3. On the “Review request before submitting” page, confirm that all the information on your BAR is correct.
4. Click **Submit Request** button, if all information on the page is correct.
5. Click the **Back** button if the information is incorrect. Correct as necessary.

The request is sent to the appropriate supervisor for approval and to the approvers for each role requested. Your supervisor is notified and you will receive an email confirming that the request was submitted. Once approved and changes applied, another email is sent to let you know that access has been granted. To check the status of your request, click on **My Requests** at the top of the page.
